※ The above amounts cover only the course fees and do not include transportation costs to the academy or accommodation expenses in Nagasaki.

※ The invoice will be issued after the completion of the course (once the course fee is finalized). Card payment is available for all courses.

*1 Member companies refer to regular member companies of Nagasaki Marine Industry Cluster Promotion Association.

*2 The Goto Onsite Program is charged separately.

*3 Priority will be given to course participants, and schedules may be adjusted based on the number of participants.

*4 This is the minimum required safety training for those visiting wind power sites for purposes other than work, such as inspections or supervision.

The offshore course takes one day, while the onshore course takes half a day.

These WLA courses are held on Mondays during the weeks when Nagasaki Ocean Academy offers its courses at the local venue.
